VARIATIONS ON A THEME!

Independence Junior felt many changes take place this year. We lost many ninth graders due to the new Cox High and acquired extra seventh graders because of the elimination of seventh grade in the elementary schools. Boundary changes also transferred students here from Plaza Jr. and sent students to Great Neck Jr. The school board elected to apply the 30-day absence rule to seventh graders and provided guidelines for curriculum changes to accommodate new high school graduation requirements in math and science. The metamorphosis progressed gradually and students adjusted easily to make Independence the best school ever!

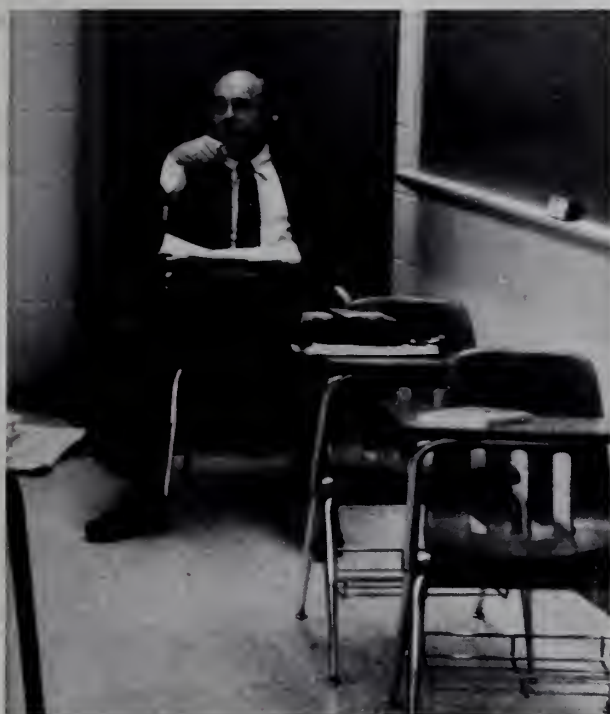

Enthusiastic students eagerly await their next exciting class!

"Oh no! Where's my class?"

The daily unload of students from their "shuttles" takes place every morning about 9:30.

"Mr. Shields is a student?"

If all else fails,
read the directions.

In the Good

The beach is an awesome place — varied moods — totally in command never surrendering to man. Utterly beautiful, completely serene or deathly violent, the ocean and the beach are servants to none.

In the summer, it becomes a playmate, a friend to hundreds of thousands who flock to worship the sun, to commune with nature, just to be here. Virginia Beach has a summertime dissimilar to all others. A glorious time of year, between school years, when no person has an excuse not to find enjoyment. Sailing in boats or on wind surfers, swimming, surfing, sunbathing, boating, fishing, beachcombing, bikinis, beauties, brown bodies, bounding waves, all these and more compose the beach scene. No matter who or what, there will be something to pass the time in the World's Largest Resort City.

Ol' Summertime

Behind the

Billy Bartolotta, David Mitolo, David Ray, Mark Hundley, and David Vendt take a break from marching practice.

What do you think of when you think of school? Most people think of lockers, books, teachers, and work. But some people think of more than that. They think of clubs, sports, and practice, practice, practice. And lots of practice they did. The football team, field hockey team, cheerleaders, and marching band met together several times a week to practice before school started on August 29. All that hard work really pays off!

Kelli Killen works hard to make that goal!

Words from our more promising hockey players, "You want us to do what?"

Spectating is a sport too!

The sweltering summer heat didn't mar our boys' enthusiasm during football practice.

Brian Taylor (top) and Richard Scarpulla (bottom) warm up before practice.

Georganna Throm looks on as Mary Ann Baker demonstrates a new cheer.

NEW FACES AND PLACES

"Hey, where can I find Room 405?" "Which way do I go?" "How do I get to the gym?"

These questions, along with students with maps of the school, schedules, and books in hand were among the confusion and excitement on the first day of school.

Many students were new, since they had been transferred from other schools, and in some cases, other cities. When interviewed, many of our students said that they were nervous, scared, excited, and even lost. But few will forget that day, when there were new faces, new places, and new goals to set for the coming year.

The daily inhabitants of IJHS aboard their yellow shuttle.

Getting lost on the first day of school was a common occurrence as seventh grader Billy Jack found.

"Got your combination memorized already?" The rectangular storage bin became a familiar sight to all IJHS students.

Traffic in the halls is a JAM!

Indecision is a terrible thing as Mr. Adams and Mrs. Rahal have pointed out to Shannon Gibson!

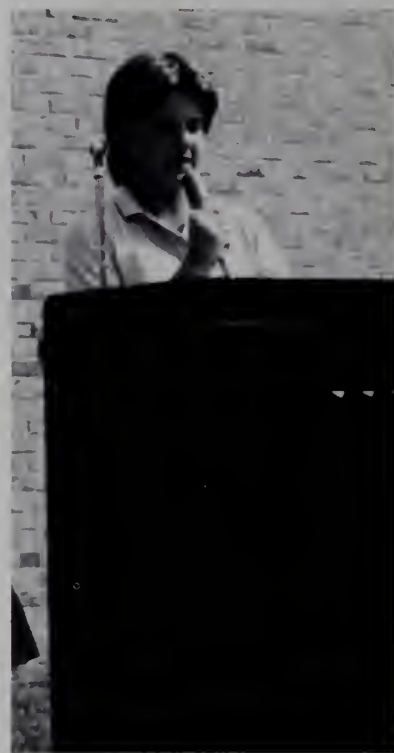

"Do I have to?" After a short but exciting summer, many students were reluctant to return to class.

Set Your Sights

On August 30, 1983, IJHS held their first assembly. The SCA introduced the diverse extra-curricular activities available in a highly entertaining fashion. Levels of enthusiasm were raised because of this skit and IJHS enjoyed an active year.

A couple of spirited IJHS guys (Jeff LoPretto and Bruce Kelly) think they're cheerleaders!

Heading up the show was Carol Garrison, president of the SCA.

"Contemplating graduation already, Sang Han?"

"We've got spirit!"

S for the Horizon

"So you think you have everything under control Ms. T. Rogers?!"

"Uh, uh, . . ." "C'mon, you can do it Ms. D. Stanley!"

"Check us out!!"

On Friday, September 16, the halls looked like American flags. Students dressed up in our school colors, Red, White and Blue, for Spirit Day. There was a prize of a \$10.00 gift certificate from Mother's Records given to the student who displayed their spirit in the best way. The spirit was evident in the halls in great abundance, and even spilled over into the dance that evening. This dance had the largest attendance that Independence has seen in several years. Punk Rockers seemed to be the costume of the evening with lots of great dancers, dark corners, and of course, terrific music.

Each Homeroom had one or two representatives for the Best Spirit of Independence. Above is a gathering of that Bicentennial Bunch.

And the winners are ... Michelle Matejcek and Jennifer Maloney!!!

Mincing Morris and Featherfoot Flynn demonstrate the latest type of Twinkle Toes dancing that was the rage when they were young.

"Hey, check this girl out!" This member of the IJHS football team has one in his arm and appears to have seen another to draw his interest

Jennifer Franceski doesn't look too thrilled to have been caught by our photographer — was she dancing with someone she wasn't supposed to be dancing with? Aw, come on and let us in on the secret.

Is Spirit

Eric Denny, Denise Vincent and others demonstrate "The Train."

"How's this for classy???"

Okay, everyone, . . . Give Us a BIG SMILE!

David Vendt is showing off his "catch," Kristen Lyman.

For some people, the dance that night was FUN but TIRING!

Spring '83 Awards

PEOPLE

ADMINISTRATION

The 1983-84 school year was one of monumental changes for the entire school system. Dr. E. E. Brickell, Superintendent, had a Curriculum Development and Assessment Team study Virginia Beach City Schools. The results were made known in the spring of '83, after two years of meetings involving parents, students and educators at every level. In the fall of '83, Dr. Brickell was very busy with the changes coming about within the system. He feels Virginia Beach City Schools are "Good as the Best and Better Than the Rest." It would seem that he, too, is "Reaching Beyond the Horizon!"

Superintendent of Virginia Beach City Public Schools, Dr. E. E. Brickell.

The chief purveyor and promoter of excellence at IJHS is our own fine principal, Mr. G. B. Shields. This year has seen him totally involved in all walks of school life and certainly has brought spice and variety to our daily life at IJHS.

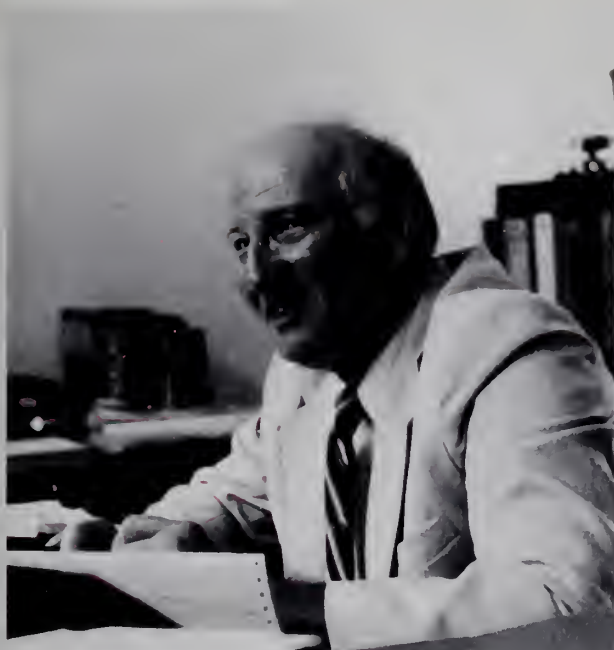

Mr. Shields graduated from the University of North Carolina at Chapel Hill with an A.B. and a M.Ed. in Education. He completed his C.A.S. in Administration from Old Dominion University. On a clear day, you might find him reading a good book. By his own admission he has a keen interest in "global politics."

One facet of Mr. Shield's role is his involvement with students.

"Contemplating another 'word for the day' Mr. Shields?"

Mr. C. Peterson, in his second year at IJHS, has taught for twenty-three years. Before he became an AP, he taught foreign languages. He graduated from the University of Tennessee with a Bachelor of Arts degree and holds a Masters in Education degree from the University of Virginia.

Discipline, attendance, and buses are but a few of the many duties **Mr. V. Marshall** has as AP here at IJHS. He has taught for 27 years, the last four at IJHS. With degrees from the University of VA and Old Dominion University, he is qualified and "dedicated to making IJHS the best school in VA Beach!"

OFFICE STAFF

Ms. G. Fox, Ms. K. Jones, and Ms. B. Mizelle.

These ladies are the gears of the school. If all else fails, these are the people who'll have the answer to any question, (just ask them!). **Mrs. G. Fox**, head secretary, describes her job as a "little bit of everything." A crafty person at heart, she spends her time away from the typewriter doing cross stitch, candle wicking or sewing. Occasionally, she can be found on the tennis court. She feels that "IJHS is warm and friendly, a great place to work." **Mrs. K. Jones**, attendance clerk and secretary, claims Winchester, VA as her home. She has been here at IJHS for four years in a variety of capacities, librarian helper, bookkeeper and secretary. Prior to IJHS, Pembroke Elementary claimed her services. New to our halls this year is **Mrs. B. Mizelle** as school bookkeeper, supply store clerk and major source of cough drops. Her outside interests include cross stitch, aerobic dancing and her family life.

GUIDANCE COUNSELORS

New to IJHS this year, **Mrs. L. DeLoatche** has been in the education field as both teacher and counselor. She is a local and both of her degrees are from Old Dominion University. Her time away from school is filled with animals and family.

One very busy and very energetic lady, **Mrs. J. Collier** fills her days with students, the Peer Counselors, crafts, music, reading and animals. She is Director of Guidance and holds degrees from Longwood College and Old Dominion University. Before she became a guidance counselor, Ms. Collier taught Social Studies. She thinks "working with the students and faculty of IJHS has been very rewarding. Aim high so it will remain a #1 school."

Ms. M. Higge has been at IJHS forever (at least since the school opened). Prior to becoming a guidance counselor, she was a PE teacher and girls basketball coach with several championship teams to her credit. Her energies now are directed to helping students of IJHS look toward their futures. Her face is familiar to all the eighth graders because of her input to the Computer Literacy lab on future jobs in the computer field.

When asked what her special interests were, **Mrs. J. Tata** replied "People! I like to be helpful to others and enjoy being with all ages." This certainly is an asset to her job as guidance counselor here at IJHS. Holding a Bachelor of Science degree from James Madison University and a M.S. from Va. Tech, Mrs. Tata claims Stanardsville, Va. as home (but the question is, do they claim her?).

As the wife of a 20 year Army man, **Mrs. G. Paradiso** has lived in 27 different homes in who knows how many countries. With that many moves, she certainly learned quickly how to be organized. Organization is a must in her job as Guidance Secretary/Receptionist. When not running the Guidance office, she reads, draws (very well), gardens, rides her bike and plays bridge.

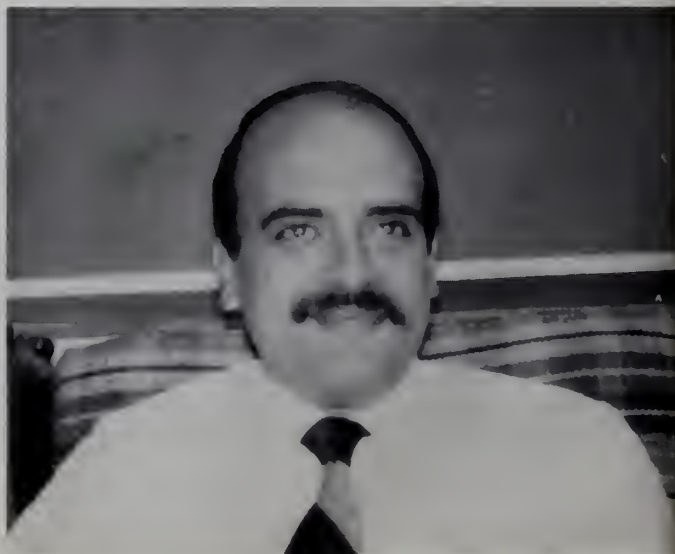

Ms. B. Cridlin is the Student Activities Coordinator. She has been in the education field for 11 years. She taught PE here at IJHS before she became SAC. Her outside interests are still very sports oriented, skiing, bike touring, etc. She graduated from Longwood College and University of Va.

STUDENT ACTIVITIES COORDINATOR

Mr. D. Esber is IJHS's most unpopular gentleman. He runs the In School Suspension and no one wants to be in his class. He taught math before moving up (?). He holds a BA in math from Elon College.

IN-SCHOOL SUSPENSION COORDINATOR

TAP YOUR RESOURCES

"A really fine student body capable of great things" is how **Mrs. M. Hannah** feels about IJHS. She certainly is in a position to see the students exercising some initiative since she is the Head Librarian. With a B.A. from Mary Washington College and a M.L.S. from the University of Michigan, she also serves as the Chairperson for Interdepartmental projects. Her hobbies are rather unique, she collects antique jewelry and miniature kerosene lamps.

Mrs. E. Breedan is a Library Clerk. She is familiar to the students even if they may not know her name. She is the lady who carries the picket sign that says "Library Books Please." She "considers it a JOY to work here." Originally from Roanoke, Va., she collects dolls and teddy bears.

From the Windy City, **Mrs. J. Rice** is one of IJHS's librarians. She has been in the education field for 13 years and holds a degree from Northwestern University. All that cold from up north sent her down here where her special interests include the beach, crafts and reading.

Mrs. F. Blais has been keeping herself busy this year. If she's not in school teaching Resource Reading to 8th and 9th graders, she might be taking care of business as the President of the Va. Beach Reading Council. In her spare time, she enjoys collecting antiques. Mrs. Blais received her B.A. from Nazareth College of Rochester, NY.

Returning for her third year at IJHS is **Mrs. E. Kifer**, the Reading Resource aide. A native of Maryland, Mrs. Kifer can be found hiking, biking and square dancing in her after school hours.

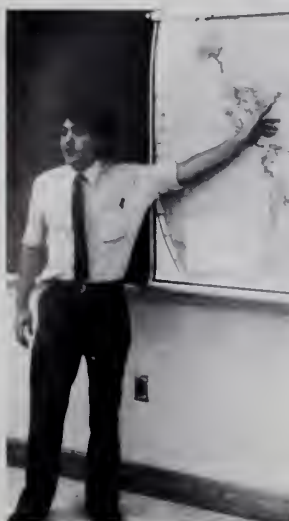

Ms. L. Scott is the interpreter for the hearing-impaired students. She was born in the Republic of Panama.

Our school nurse, **Mrs. N. Kilby**, is not just an ordinary school nurse. First of all, she was born in Valenciennes, France. Then, after having spent four years here at IJHS, Mrs. Kilby came back to cure the IJHS sickies another year. But the thing that sets her apart from the other school nurses is that she really loves working here!

Mrs. Guerny is a familiar face around IJHS. She has a rare talent for impersonating people, especially teachers who are absent. She can teach anything for a day or two and then try something else. She is one of many to whom the teachers of IJHS are thankful when an emergency or illness causes them to be absent from school.

Mr. W. Hylton was Mr. Schuster's student teacher during September and October. He was a student at ODU and was originally from Chesapeake.

Ms. Plante was the long-term substitute for Ms. P. Caskill during the first quarter of the school year.

HEMINGWAY FRIENDS

Unfortunately many English 8 students this year missed out on almost a whole grading period of excellent learning experience under the guidance of **Mrs. P. Caskill**. We're sure glad she was able to be with us the rest of the year.

Returning for her 4th year at IJHS is **Mrs. K. Lassetter**. Her B.S. degree in Education from Loyola College and MsEd. in Counseling from ODU are more than enough to qualify her for teaching 7th grade Reading.

Everything **Mrs. V. Merritt** does seems to turn into initials:

7S is her class
VPI-SU is her college
BS is her degree
VA is her birthplace
V.M. is her hobby (who happens to be her daughter!)

A late, but welcome, arrival to the IJHS campus is **Mrs. S. Volkstorf**. She took over for Mrs. L. Pyles' Developmental Reading and Reading 7R classes. ODU awarded Mrs. Volkstorf a Masters in Reading in 1981.

From East Carolina University comes **Mr. H. Bailey**. He teaches English and is chairman of that department. He totes a fishing pole on those lazy Saturday mornings.

Who is **Mr. R. Jones**?

Just another English teacher? Certainly not! He is very active in the Va. Beach Education Association (as Treasurer and Board member), he is the President of the Timberlake Community Association, and enjoys running, weightlifting, swimming, and biking. Both his B.A. and M.A. were awarded from O.D.U.

It's Saturday morning. It's cold as ice. It's nothing but hard wooden slats for seats. But it must be fun or why else would **Mrs. L. Marchbank** come to cheer at each IJHS football game? When she's not shivering on benches, Mrs. Marchbank can be caught teaching English 9S to a select group of students. She recently completed her MsEd. in Education at Old Dominion University.

Ms. S. Segedy is spending her first year ever teaching English 7 here at IJHS. Both B.S. and B.A. degrees were completed at Old Dominion University.

Ms. C. West graduated from Texas Tech University with degrees in English and French. This is her second year at IJHS and she teaches English 8.

Ms. A. Williams thinks "the students of IJHS are FANTASTIC!" One day she expects to find a student of hers as president of the United States. Nowadays she can be found teaching these "presidential hopefuls" English 8A.

Ms. D. Alessio is an Old Dominion University graduate. Not only did she complete her B.A. in English at O.D.U. but also a Master's degree. This year Ms. Alessio teaches English 8.

Reading, especially in the summer on the beach, is one of the hobbies of **Mrs. M. Lant**, one of the 7th grade Reading teachers. During her eleven teaching years, Mrs. Lant has managed to fit in extra college classes at O.D.U. to complete a Master's in Guidance and Counseling.

Don't ever mention "horsing around" to **Mrs. E. McBride** or she just might put you to work brushing or cleaning one of her horses. When Mrs. McBride is not teaching English 9 or Public Speaking I, she is probably coaching Forensics. This is her 7th year out in the schools.

We have an author in our midst. **Mrs. F. Spuler** recently had a book published for teachers. She is the newspaper sponsor in addition to teaching 7th grade Reading. When asked to describe IJHS she simply said "this place is heavenly."

An enthusiastic folk dancer, **Ms. M. Weiner** is tripping through her 4th year as an English 9A, English 9R teacher. Born in Maryland, she ventured to Christopher Newport College where she majored in English and minored in Education.

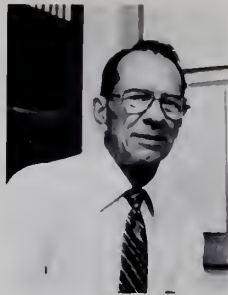

Although this is her first year at IJHS, **Ms. I. Wilson** seems to have found plenty to keep her busy. She teaches English 9A and Drama I. She sponsored the One-Act Play, *The Puppetmaster*. She enjoys jogging, traveling, and writing. How did Ms. Wilson ever find time in her active life to finish a B.A. at Longwood College?

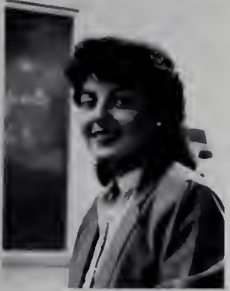

Born in Ohio, educated at the University of Pittsburgh (B.S.) **Mrs. N. Rahal** finally migrated to Virginia in time to teach Algebra and Pre-Algebra to some lucky IJHS'ers. While in Virginia, Mrs. Rahal attended O.D.U. to receive a Master's degree. Mrs. Rahal is the Math Department Head and the PTA Treasurer.

Mr. F. Adams teaches Algebra I to a select group of 8th and 9th graders. He picked up a Bachelor of Science from Old Dominion University. This was Mr. Adams' 13th year teaching — it wasn't that bad though, was it?

JIMMY THE GREEK'S COHORTS

You have a comment on this book? Refer all constructive compliments to this lady, **Ms. L. Baker**, Yearbook Sponsor. She has spent many hours with her staff and peers and has found IJHS has a "fantastic and helpful faculty and excellent, hardworking students." She has a degree in Elementary Education from Longwood College, yet has taught math in junior highs for three years. She teaches Pre-Algebra and Math 7A.

It took 8 years but we finally talked **Mr. L. Bunn** into teaching Math to 7th and 8th graders. He began his first phase of studies (B.S.) at Norfolk State and his second phase (Master's) at Old Dominion University. His third phase of studies will start in 1984. His first class will be *Quick and Easy Ways to Get Your Overhead Through the Halls* — 101

You never know what **Ms. H. Durham** may be doing. You may find her whipping up a new wardrobe, tapping away at the old Ivory keys, or guiding a weedwacker across the lawn. But from 8:30-4:00 you're sure to find her teaching 7th grade math just like they taught her from the University of Tennessee.

Does the face look familiar, but the name not ring a bell? That's because **Ms. K. Cooper** became **Mrs. K. Ebmeier** last summer. The name is all that's changed. Mrs. Ebmeier still teaches Math 7A and Pre-Algebra. Her alma mater are Va. Tech and O.D.U. where she received a B.S. in Secondary Education.

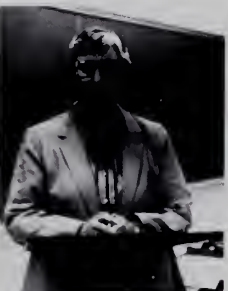

Coming to us from O.D.U. with a degree in Secondary Education is **Mr. C. Morgan**. She is spending her third year at IJHS teaching Elementary Algebra I and Algebra I to 8th and 9th graders.

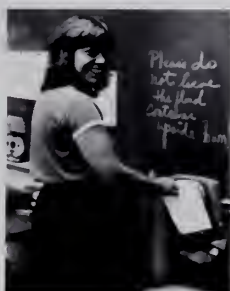

Our Math 7S and Pre-Algebra teacher has kept herself very busy the past seven years. During those years, **Mrs. S. Morris** has sponsored the pep club, newspaper, cheerleaders, and yearbook. Now she spends her free time putting in her garden and racing her 'Vette. Mrs. Morris just recently completed her Master's at Old Dominion University.

Ms. T. Rogers is that wonderful teacher who holds down the fort every morning from 8:30-9:00 checking passes and hassling all suspicious-looking characters. If you haven't run into her in the hall you may have been in her General Math 8 or Pre-Algebra class. She also puts in a lot of hours as Assistant Coach for the Debate Team.

Crafts-Needlepoint-Reading-Traveling. These are just some of the hobbies of our Honor Society Advisor **Mrs. L. Ruesch**. She was born on Staten Island, NY, and attended Clarin University in PA where she earned a B.S. in Education. Mrs. Ruesch teaches Geometry and Basic Math 8.

First she taught at IJHS. Then she moved to Maryland. But now **Mrs. M. Stahl** is back to start her 8th year of teaching General Math 9 and Elementary Algebra. She traded in four years of hard work at VPI-SU for a degree in Mathematics.

COLUMBIA CONSPIRATORS

Not Pictured: Mr. D. Lee.

Mrs. S. Dillon, who can occasionally be seen prowling the IJHS halls with either a camera or a beaker, in reality teaches 7th grade Life Science and 8th grade Physical Science. She was born in Martinsville, VA and her Bachelor of Science was received from Va. Tech. But there is still one unanswered question: What do you really put in those beakers you carry through the halls with Mrs. Derrick?

This year **Mr. F. Johnstone** will bring to a close his second decade in the teaching profession. A typical weekday finds Mr. Johnstone teaching 8th Grade Physical Science, maintaining order on the buses, checking hall passes 1st bell, and making the long haul every morning to pick up and safely deliver attendance cards to the office.

She's an Illinois native that enjoys gardening, singing and horseback riding. She received her B.S. and Master's from O.D.U. She's spent 10 years teaching the sciences — this year it's Biology. She's the Science Department Chairman. Who is she? **Mrs. K. Shinn**.

Ms. H. Gray is spending her first year teaching here at IJHS. She earned her B.A. in Science Education from UNC at Chapel Hill. Not only does she teach Physical Science but coaches the Girls' Soccer Team as well. She enjoys painting, field hockey, and the piano.

Although this is just her second year teaching, **Mrs. G. Derrick** teaches 8th grade Physical Science like a pro. She was graduated from Virginia Wesleyan with a Bachelor of Science degree. Her hobby is plants — "trying to make them survive my green thumb."

If you ever need to find **Ms. J. L. Guthrie**, look in all of the science rooms until you run into a group of people wandering around the room bearing yellow cards and a desk heaped with presents from secret pals. Ms. Guthrie also found the time this year to coach girls basketball and teach 8th Grade Physical Science.

Just one day too late to be a Valentine's Day baby, **Mr. G. Mizenko** has attended Ohio University (B.S. Ed.), Old Dominion University (M.S. Ed.) and Tidewater Community College (Assoc.). When he's not taking classes, Mr. Mizenko can be found teaching 7th Grade Life Science or assisting the wrestling coach.

Twelve years ago, **Mr. L. Revelle** attended O.D.U. and graduated with a B.S. in Biology. He uses that B.S. to teach 9th grade Earth Science. He also sponsored the Science Club. In his free time, Mr. Revelle builds speedboats.

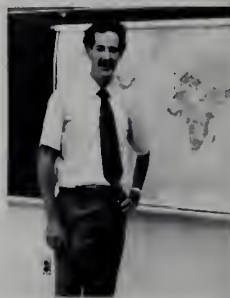

Mr. J. Liner teaches American History 7 and has been in the education field for 23 years. After completing his B.S. at East Carolina University, he received a Master's in Education from William and Mary. As a sponsor of the Fellowship of Christian Athletes, Mr. Liner is in a very active position. He is so active, he has received the Eagle Spirit Award from the Eagle's Club two years in a row.

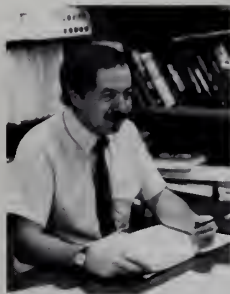

Three years in the teaching profession has found **Mrs. S. Friedman** as a World History teacher at IJHS. She enjoys music and books and when asked where and when she was born, she just smiled! She holds a Bachelor's of Science Degree from Temple University. Listen real close and you can hear some real New York!

A very sports-minded person who enjoys skiing, swimming and bicycling, **Mr. L. Schuster** hails from Pennsylvania. He received all the right degrees (B.S. and M.Ed.) from California State College to teach 9th grade World Geography. All but one of his six years as a teacher have been here at IJHS.

Beginning his career at IJHS this year is **Mr. C. Tassone** as a Social Studies 8 teacher. Earning his Bachelor of Arts in History and Education from North Adams State College has kept him quite busy between old movies and bike riding. Mr. Tassone can also be found teaching at P.A. Jr. in the mornings before he comes to IJHS.

After 12 years, **Mr. L. Willie** still feels "the welfare of the students should and does come first at Independence Junior." Truly a native of Tidewater, he was born in Va. Beach (a rarity at that) and earned his Bachelor of Science degree from Norfolk State. He can be found most bells teaching seventh graders about their country's history.

LEWIS AND CLARK'S ASSOCIATES

MARCO POLO'S FRIENDS

It all started 16 years ago at Converse College for one of IJHS's French teachers. Twice awarded the Virginia Beach Foreign Language Teacher of the Year and the 1983-84 winner for the state honor, **Ms. A. Bennett** puts lots of energy into her classroom and being sponsor of Le Salon Français. She feels "teaching a foreign language and culture makes one aware of the physical beauty and wonderful helping attitude of this country."

Mrs. W. Janz is a familiar smile around IJHS. She teaches Spanish 8 and 9 as she has done for the last 8 years. She possesses a Bachelor of Arts from Old Dominion.

Harvey Martin

Mr. J. Shearl is a half day teacher of German I and II at IJHS. He earned his Bachelor of Art degree from William and Mary 9 years ago and has been teaching since. He sponsors the German Club.

Dr. I. Soto earned her Ph.D. from the University of Havana in Cuba. When she is not growing plants or reading, she might be found at Chi Chi's sponsoring a dinner with the Spanish Club. This is her 16th year of teaching and she is "very pleased to be working at Independence Jr. with such an excellent educational and disciplinary Program."

Originally from Fall River, Mass., **Mrs. D. Stewart** has four years in the classroom under her belt. She teaches French I to both grades 8 and 9. She achieved her Bachelor of Arts degree at Bridgewater State College. In her spare time one might find her with either a tennis racket, a ski pole, or a suitcase in her hand.

With diverse interests ranging from running and racquetball to sewing and shopping, **Mrs. C. Allen** teaches Home Ec I and II to the more domestic 8th and 9th graders. She has a B.S. from ECU and a M.A. from VPI-SU and has managed not to lose her sanity in 8 years of teaching.

Born on the last day of March gives **Mrs. J. Pugh** a different outlook on life. When not listening to famous Jazz artists or collecting ornaments, she is busy with her new baby. Besides teaching Homemaking to seventh and eighth graders, she is also the sponsor of the FHA. She graduated from Norfolk State with a Bachelor of Science.

Ms. A. Bennett was presented with The Virginia Distinguished Foreign Language Teacher Award by the Virginia Foreign Language Supervisors' Association on November 4, 1983. CONGRATULATIONS MS. BENNETT.

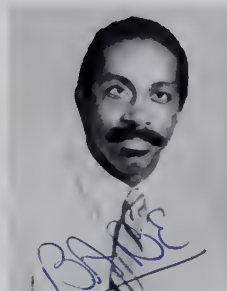

JULIA CHILD'S COMRADES

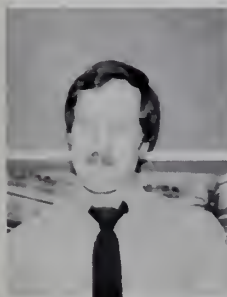

Ms. S. Eure "really enjoys working with the students at IJHS." In her sixth year as a General Business teacher to ninth graders, Ms. Eure graduated from Elizabeth City State University. When not sponsoring Future Business Leaders of America projects, she might be found tying knots (macrame) or pulling thread (sewing). She also enjoys her church and music.

Never short on words, **Mrs. S. Dixon** says, "This is my sixth year at IJHS and every year I feel the students are becoming more involved in their school, thus making Independence one of the most spirited and academically superior schools in the city." Certainly spirited and involved herself, she can be found with the Pep Club or on the stage with a chocolate pie! With a B.M.E.D. from East Carolina University, she helps to produce the delightful sounds of the chorus and Madrigals.

Having fun with friends, video games and music take up the little spare time of Band teacher **Mr. L. Edwards**. Graduating from Norfolk State University with a B.S. in Music Education, he has been teaching for four years. His involvement with IJHS extends outside the classroom. Many an evening in the fall will find him outside practicing with his marching band.

Palm trees, black beaches and volcanos provided the backdrop to the birthplace of **Mr. J. Jones**. He teaches Art 1 and Art 2. He can be found many mornings in the small gym working out with the Karate Club. A graduate of Old Dominion University, he holds a Bachelor of Science degree.

Although this is her first year at IJHS, **Ms. S. March** has taught for 8 years. She earned her B.S. in Art Education from Longwood College and her M.A.E. from Va. Commonwealth University. Her outside interests are artsy also and involve watercolor painting and sand castle building en masse. IJHS's halls certainly are more interesting these days with student endeavors since she joined our staff. Welcome.

THE POLICE AND PICASSO'S PEERS

BRUCE JENNER'S TEAMMATES

IJHS has a "great student body BUT they should show more support to the athletic program," says **Mr. G. Dorland**, IJHS's football and track coach. He promotes spirit and support for our sports programs as the sponsor of the Eagle's Club. Having taught for 9 years, he holds a Bachelor of Arts degree from Ottawa University.

If it is true what they say about California girls, **Ms. G. Rodgers** is a good example. She is the gymnastics and girls track coach and also co-sponsor of the Eagle's Club. Dance is a major focus of her out of school time. In her second year Ms. Rodgers, with a d, teaches Health and PE 9. A graduate of Longwood College, she holds a Bachelor of Science in Secondary Education.

Ms. G. Blue thinks she has been teaching for 14 years. "Who remembers? I have been at IJHS since it opened though," she replied. Besides being the coach of the field hockey team, Ms. Blue is a Health and Phys. Ed teacher for grades 8 and 9. On weekends, she can be found doing anything sporty — sailing, skiing, biking, etc. An alumnus of the University of Florida and ODU, she has a M.S. in administration.

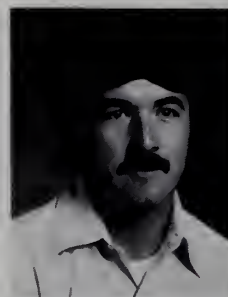

Even though he is an old hand at teaching (5 years), **Mr. R. Linsly** is new at the marriage game (less than one year). Besides a hobby of being a hubby, he finds time to play guitar on weekends in local establishments. With a B.S.E. in Health and P.E. from Eastern Mennonite College, M. L. is a Health and P.E. teacher for 8th and 9th graders.

Ms. Watkins, with a k, attended the Atlantic Christian College for her Bachelor of Science degree. She has been a Health and PE teacher for 9 years, the last several dealing with 7th grade. Always involved with a racquet, she plays tennis, skis, enjoys speciality cooking, and claims to be from our Nation's capitol.

A native of Indiana, **Mr. R. Belcher** has taught for 8 years and holds a Bachelor's of Science degree from ODU. One of IJHS's more honorable and timely teachers, he collects antique clocks as a sideline. In the spring, he can be found coaching the boys soccer team.

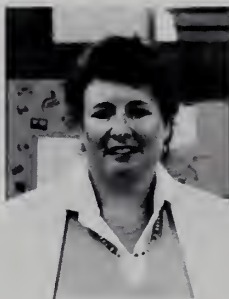

Coaching takes up a lot of **Mr. W. Ludwig's** time. In fact, he might be called a "coach of all seasons," football in the fall, basketball in the winter, and baseball in the spring. On any day, he can be found teaching 7th graders how to stay healthy and physically fit. A Bachelor degree from Norfolk State University helped prepare him for the last two years here at IJHS.

All of **Ms. J.** (without a k) **Watson's** extracurricular time is taken up with a one man team known as a new baby girl. Occasionally, she finds time to bake or refinish furniture. She has taught Health and PE to seventh and eighth graders for 8 years. She attended Atlantic Christian College and East Carolina University and holds a Master's in Education degree.

A southern girl, **Ms. L. Coates** comes from the "grit stit of Joega." Twelve years of being a LDR teacher has only given her more energy. She needs it as the coach of the debate team, chairman of Special Education department, co-sponsor of the Peer Counselors and in charge of IJHS's Child Study Team. Her casual hours are spent writing, reading, and crocheting. She holds a Master of Education degree from the University of Louisville.

Ms. Z. Braxton

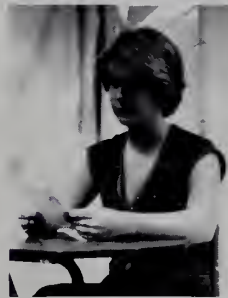

Ms. B. Davis, an EMR teacher, has taught for 6 years. She holds a Bachelor of Science degree from Norfolk State University. Her out of work interests range from skating and needlepoint to flea markets and books. When asked about her birthdate, she simply replied "Capricorn."

When she is not busy with her new little boy, **Ms. B. Fraim** can be found on the back of a horse. She is always busy with her hands as the Hearing Impaired teacher and sponsor of the Sign Language Club. She holds a Master's of Education degree from James Madison University and a Master of Arts degree from Converse College (Spartanburg, NC). This is her seventh year teaching.

Ms. B. Schultz hails from Amarillo, Texas. She is in her 5th year teaching Special Ed. She holds a Bachelor degree from J.M.U.

Dr. M. Sicignano graduated "Magna Cum Laude" in his Ph.D. degree from Old Dominion University this past year. Originally from Brooklyn, NY, he has taught for 8 years and is presently teaching Learning Disabilities for grades 7-9. Now that he is done studying, his pastimes are spent in jogging, reading, and sports.

TLC LENDERS

When asked to comment about IJHS, **Ms. J. Scott** says she has "enjoyed all the students and staff" here at Independence. Ms. Scott earned her Bachelor of Science in Speech Therapy at ODU. (Picture unavailable.)

An individual if there ever was one, **Mr. M. Weirich** likes "doing things other people don't." Life itself is his hobby. He certainly was born and attended East Carolina University to earn a Bachelor of Science degree. He teaches Industrial Arts to the 9th grade and coaches wrestling in the winter months. The last 10 years of his life have been at IJHS as a teacher.

Despite his Irish ancestry, **Mr. J. Flynn** was born in New York. He teaches eighth grade Exploring Technology and is in his fourth year at IJHS. A graduate of Old Dominion, he enjoys good-looking women and other high spirited activities. On autumn Saturday afternoons, he is usually found with a microphone in his hand announcing IJHS football games.

In his first year of teaching, **Mr. T. Dulaney** teaches Manufacturing to seventh graders, Exploring Technology to eighth graders, and Construction to ninth graders. He holds a Bachelors of Science degree and a Master of Arts degree from Miami University (Ohio). He is co-sponsor of the Industrial Arts club.

One very busy lady, **Ms. L. Hicks** sports such leisure activities as travel, photography and racing her CO2 model car against the seventh graders and/or any other challengers. With a Master of Science degree from Old Dominion University, she is in her fourth year of teaching. She feels "IJHS has a really high spirited group of students, more so than ever before. Keep it up!!"

IACOCA'S TEAM

"Happy Birthday, Mr. Flynn!!!"

Ms. N. Reese is a teacher aide to Mr. Sicignano and Ms. Davis.

Although she has been an aide for 3 years here at IJHS, **Ms. D. Stanley** has really been in the spotlight this last year. As the cheerleader sponsor and softball coach, she is in a position to see student spirit. She is "really proud of the students in the manner that they have adjusted to the district changes and hopes it goes as well in the future." One of her newly acquired hobbies this year is putting chocolate cream pie in Mr. Flynn's face. She can claim to be a true Va. Beach native.

Flag Duty

We finally made it! As ninth graders, these students lead IJHS in its many endeavors. They are the backbone of the school and emit the spirit that is ever present here at IJHS.

Ninth grader Beth Holland demonstrates the spirit and enthusiasm prevalent at IJHS.

ACTIVITIES

STUDENTS

The **SCA** (Student Council Association) has done a lot this year. Their meetings were held during fifth bell in the cafetorium where SCA projects were planned. Some of the activities were an orientation assembly for new students and SPCA Halloween Fair at the Cavalier Beach and Cabanna Club. They also participated in the Neptune Festival Sand Castle building competition and provided successful spirit days. A new honor code was adopted and distributed to all students.

REWARD

Two tuba players were discovered lost on October 12, 1983, in the vicinity of IJHS. They were wearing jeans and t-shirts, and both answer to the name of David. If found, please return to 1370 Dunstan Lane.

Sensational Singers

To be a member of the choral department of the Independence Eagles is to say you are a talented and very busy person. The Madrigals, a select group of singers, travel throughout the community singing for our feeder elementary schools, community functions, local shopping malls at Christmastime, and attend competitions. The 1982-83 Madrigals won Best Performance at the Lynchburg Classic last year, chosen from schools from the state of Virginia. This year's group proved to be as talented and as determined to win this year.

The Concert Choir is the largest group of select voices and they too perform quite a bit. The Mixed Chorus and Seventh Grade Chorus are beginning singers but no less talented. They perform with the rest of the choruses three times a year; Christmas, March which is our Broadway Concert, and late spring which is the Pop Concert.

Along with festivals and competitions the choruses of Independence stay busy all year. It's hard work but lots of fun. Come join us next year.

MADRIGALS — First Row: S. Holley, P. Rice, J. Shingelton, L. Raymond. Second Row: J. Prather, D. Sward, S. Bonnema, J. Hawn, J. Spagnuolo, M. Covney. Third Row: J. Elliot, M. Averette, J. Acosta, C. Mrs. Coates works diligently to prepare another winning debate team.

The students on our debate and forensics teams have formal or public arguments against the opposing side. The coaches are Mrs. Coates and Ms. Rogers for the Debate Team and Mrs. McBride for the Forensics Team. The team meets on Thursdays at 4:00 in room 418. Their budget is courtesy of the school and use of the money goes to supplies.

Debaters Todd Sandoz and David Ashe practice for a meet.

The team participated in citywide competition during the regular season and also in tournaments. During the summer students and advisors attended the Virginia Beach Debate Workshop at Virginia Wesleyan College.

The FBLA is a group of ninth graders taking general business. Meetings are held during class or at any other time when deemed necessary. Mrs. Eure is the advisor. Officers of the FBLA are Shelly Griffin — President, Eric Nahra — Vice President, Leslie Elks — Secretary, and Melissa San Juan — Treasurer. Their membership is 28. Guest speakers for the FBLA were Mrs. Alan Veeck speaking for Junior Achievement, Mr. Al Mays from the Community Consulting Corporation, and Mrs. Dolores Henry from the Better Business Bureau. Mrs. Henry was also director of the FBLA fund-raising project. A cookie sale was

held as fund-raiser in December. This money was donated to Hope Haven Orphanage. They plan to buy an Atari computer and games. The FBLA took a field trip to Farm Fresh at Centerville Turnpike and Kempsville Road to explore business operations first hand.

JanAlyn Foley, Stacy Schreier, Kathy Robbins, and Karen Stemm distribute programs at an Eagle football game.

Mrs. Ruesch, NJHS sponsor, and Mrs. Stanley, cheerleader sponsor, are seen in rare form.

The purpose of the National Junior Honor Society is to promote scholarship, leadership, service, citizenship, and character. The meetings are bimonthly and membership is by invitation to eighth and ninth graders. Ninth graders are inducted after the first semester and eighth grade selection occurs in May. Honor Society members serve each year as guides for the PTA Open House and hosts at sports banquets. They raise money to donate Thanksgiving baskets and to give to a charity

at Christmas by collecting dues, sponsoring a school dance, and other fund raising activities. A new project started this year involved tutoring at the elementary school level by members of this organization.

Bonjour!

Phillipe Gelin came to IJHS one day to talk with all the French classes about French teenagers, sports, and women in French government.

The purpose of the French Club is to learn about the French culture. French students are also provided with an opportunity to practice the language outside of the classroom. Members meet weekly and are involved in such projects as raising funds for the Jacques Cousteau Society, World Vision, CARE, and

JOY FUND. The Club participates extensively in the Foreign Language Festival which took place at Lynnhaven Mall this year. French food, also an important part of the French culture, is sampled at the International Dinner held in May.

Third Row: Mrs. Janz, E. Jenkins, S. Kofa, J. Camerino, A. Griswold, G. Salles, P. Lindeman, B. Bartolotta, M. Graham, K. Killen, K. Mikulka, Dr. Soto.

The Spanish Club, also known as **Los Conquistadors**, is an organization of students who are studying the Spanish language. Sponsored by Dr. Soto, the Spanish Club met every second Tuesday in room 324 to plan oncoming events. Some of these events included a dinner at Chi Chi's, a Christmas program, the Foreign Language Festival, and an International Dinner. The club raised money for the Special Olympics for handicapped children by selling M&M's, and on Thanksgiving Day they donated a fruit basket to a convalescent home.

OFFICERS — P. Lindeman, E. Nahra, M. Salafranca.

¡ADIOS!

Mr. Janz and Dr. Soto are enjoying their meal at Chi Chi's.

Erin Mikukla, Susan Russian, Jeff Warden, and Patty Fabunan are having a great time at Chi Chi's.

The Builders Club is a branch of the Bayside Kiwanis. They worked hard this year to make IJHS a better place to learn by doing service projects. They promote leadership, strong moral character, and loyalty to school, community and nation.

BUILDERS CLUB OFFICERS — M. Covney (Treasurer), E. Quinn (Vice President), A. Bernier (President), T. Wilson (Sergeant at Arms), L. Harvey (Sergeant at Arms), J. Acosta (Secretary).

HOT OFF THE PRESS!

Michael Lagal, Pamela Price, Stacy Schreier, Tonya Hamilton.

Our newspaper here at IJHS is called "**The Eagle**." The staff members behind this informative paper are editors Tonya Hamilton and Pamela Price, plus illustrators and reporters. Mrs. Spuler, the sponsor, types, Mrs. Fox runs off the papers and the entire staff collate, staple, count and distribute the papers to homeroom teachers. Regular meetings were on Friday mornings in Room 318. Ten papers were published during the year.

Pollution Solution — We Can Help!

Jerry Kokoska, Brian Good, Tonya Sutton, Chris Haushalter and Mr. Sutton.

Ms. Watkins' seventh grade health students participated in individual as well as group projects to help create a cleaner environment. A poster campaign, school and neighborhood clean-ups, and a culminating aluminum and paper recycling project were some of the activities. All who helped felt it was a successful venture.

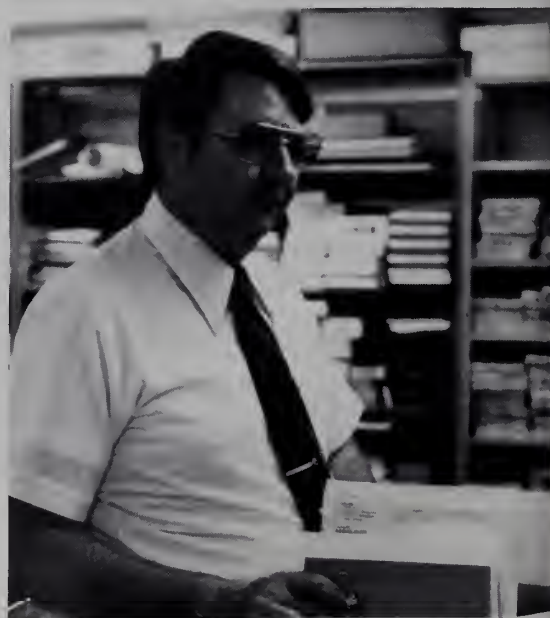

A representative group was invited to a city council meeting to share in the award being given to the Virginia Beach Clean Community Commission by the state. Bonnie Scheid, Tonya Sutton, and Richard Koehne presented the mayor with the group's check. Ms. Watkins said they were very proud to share in the award, thanked all who helped, and was pleased with her students' hard work.

HELPING HANDS

Any student may be a helper in the office, the clinic, the library, or the guidance office. Application is made in the spring or early fall.

Office Helpers

Office Helpers

The Office Helpers take messages, books, lunches, etc., to students and teachers for the office staff. They help to locate students, place materials into teacher mailboxes, and alphabetize attendance cards. These helpers also collate papers, file schedules, and pass out the daily attendance list to each classroom.

D. Laemmermann, S. Parks, H. O'Reilly, K. Hodges.

Library Helpers

First Row: P. Jarvis, R. Saunders, S. Repinski. Second Row: A. Cheeseman, K. Fischer, A. Wilkins, F. Pepper, C. Flowers.

Library Helpers

Library Helpers perform a valuable service for the school. They operate the circulation desk and check out books to students and faculty members. They card returned books and reshelve them. From time to time they are called on to help with bulletin boards, prepare new books and magazines for circulation, and to do various other jobs. Library Helpers are selected from study halls after filing an application and must maintain passing grades. They should also have a pleasing, businesslike manner.

Guidance Helpers

First Row: D. Weathers, J. Caffrey, G. Cantrell, A. Aldana, A. Hamilton. Second Row: D. Webb, K. Brummitt, A. Watson, E. Berry, T. Hoff. Not Pictured: R. Anderson, A. Bernier, E. Hart, R. Koehne.

Guidance Helpers

To become a Guidance Helper students must submit application forms. In addition, the counselors will determine if the student will be an asset to the department. Once accepted the student is expected to perform duties, maintain a good scholastic standing, convey an acceptable attitude, and exemplify the behavior of a responsible guidance helper. Guidance helpers must pass at least four subjects each quarter or return to study hall.

Clinic Helpers

Clinic Helpers

To become a clinic helper students must maintain at least a C average in their required subjects. Students simply need to apply and then have their parents fill out a permission slip. As a clinic helper, students assist with annual screenings, log in students, take temperatures, make ice packs and salt water gargles. They also run various errands and return lost articles.

Goin' for the Guinness!!!

Team effort is an important ingredient!

"A woman's work is never done!" decides Todd Austin as he observes Ms. March.

The day started as everyone met at the Pavilion near the beach. There were about 100 buses and 1500 students from different schools eager to participate in a two mile long train constructed of sand. Every school in Virginia Beach had a few cars to make and each car represented a country. It took all day shoveling and sculpting, but when everyone stood back and took a look at the enormous train, it was well worth the work! Everyone went home proud of their accomplishment!!!

"Whew! We're finished, but it was a lot of fun!" surmise Courtney Wheeler, Carol Garrison, and Beth Holland.

On Thursday, September 29, 1983, 120 of Mr. Revell's Earth Science students took an exciting field trip to the National Oceanic and Atmospheric Administration Atlantic Marine Center in Norfolk. They toured the ship, *Mount Mitchell*, as well as the map-making facility and various exhibits. All in all, Mr. Revell said they had a very good time.

Watch out for the BIG rainstorm, oops, I mean PIE storm.

The **"Pie-in-the-Face"** is a contest held to raise money for the United Way. During first lunch Ms. Dixon and Mr. Dorland competed. During second lunch

Ms. Stanley and Mr. Flynn competed. The person who got the most money in their jar got the pie. Mr. Marshall even agreed to have a pie if students raised \$50 more — and they did! The Pie-in-the-Face Contest really helped raise money for the United Way this year, while also being an enjoyable event to watch!

"That wasn't so bad now, was it Ms. Morris?" inquires Mr. Weirich.

Mr. Dorland can't decide if the pie is good or not!

Mr. Weirich waits in the wings for his next victim . . . none other than Mr. Flynn!

"Altogether now!"

Busy, Busy, Busy. These girls are truly the busy bees of Independence Jr. It all starts in the Spring when they learn to do all the things that cheerleaders do. They then must compete with 80 others who desire the same positions. After two trials, these girls were *the chosen*. The summer is more practice and cheerleader camp. Why all the practice you ask?

Why, indeed. The first day of school means "First Day Assembly" of which the cheerleaders play a vital part. One might say that day is their première. They practiced for Pep rallies. They practiced their cheers for all the sports.

This year the cheerleaders were more visible in other areas. They sponsored a dance and rented themselves out for *Rent-A-Cheerleader* week. The proceeds were contributed to the Joy Fund.

A WINNING SEASON

The Dynamic Duo ... Mike Boyce and Doug Carr.

TD!! Catch by Jason Barefoot.

The 1983 edition of the Eagles Football team, with a record of 5 wins, 1 loss and 2 ties, was the best in recent years at IJHS. The Eagles had an excellent offense, led by quarterback Sang Han and running backs Brian Taylor, Ernie Parker and Pete Lang. The offensive line was anchored by such stalwarts as Mike Boyce, Jeff Lopretto and Jason Barefoot. The full house "T" offense was very productive with an average of 225 yards and 15 points per game, plus a total of 1800 yards for the season.

Coach Ludwig's defense was one of, if not, the best in the city. The defense was captained by Mike Boyce a T linebacker. Other outstanding players were Jason Barefoot, Pete Lang and Jeff Lopretto. Defensive backs Bruce Kelley, Pierre May, and Doug Carr also contributed their skills to a fine defense. The defense limited opponents to just 102 yards and 6 points per game, for a total of less than 900 yards total offense for the seasons.

Coach Dorland said of this year's team, "a lot of fun to coach." Excellent field leadership, and an intense desire to win displayed by such players as Taylor, Boyce, Barefoot, Sang Han, Parker, Lang, and Lopretto made the coaching staff "look good," and this season one of our best. You will be hearing or reading about these athletes again and again as they continue on to high school in the Beach district. **Good luck to all of them."**

SEASON

The 1983-1984 edition of the Eagles Boys Basketball Team was limited in talent but made up for that with large amounts of teamwork, desire, and determination. Their record for the year was 3-8. Our players could have given up at any time but instead they hustled and played with 110% desire and were never really out of any contest. As Mr. Ludwig, coach of this year's team, states, "I'm glad I had an opportunity to coach a team of this nature. It gave me the chance to watch athletes with limited skills grow into basketball players that could play and win when all of the variables came together."

The team captains were Jason Barefoot and Sang Han. These two athletes were also the "Most Valuable Players." The team's statistical leaders were Jason Barefoot with 205 points total and 18 points per game average. Jason also had 126 rebounds, 11.5 per game. Sang Han had 38 steals and 24 assists while Doug Sirmons had 27 steals and 38 assists.

We were fortunate enough this season to have had several 7th and 8th grade players. These players will be returning next year: 7th graders Randy Norton and Mike Bonomo and 8th graders Burt Matteson and Vince Phillips. Hopefully this will give us the nucleus of a good team.

TWO POINTS FOR

As this was Ms. Guthrie's first year to coach basketball, she wasn't sure what to expect from the team. Many of the girls came from different schools, thereby never playing on the same team. As the year progressed, they became a team. Although some problems did occur, the girls were able to overcome them and complete the season with a respectable 6-4 record. Hard work and determination were evident all season. Some outstanding players were: Kristen Horton — Leading Scorer and Rebounder, Kindl Ryan — Assist Leader, and Allison Moore — Blocked Shots.

The National Junior Honor Society members are chosen for their outstanding leadership, scholarship, citizenship, service, and character (and boy are some of them characters!). Many of these students volunteered their time and energies to tutor all subjects in every grade at Thoroughgood Elementary School. They reported for work once a week, but they did not consider this work! Instead, they found themselves learning as well as teaching.

To Cory,
If it weren't for you I wouldn't
know anything about the Secret Wars!
(Andy: 1/1/77)

To Cory,
Hope you have fun next
year. If you pass.

Copy.

You are a
very unique person.

And in actuality you're
really a sweet young
man. I wish you
the best of luck in all
you do. Love,

Miss Jennifer
